

Apologizing

Sometimes people
make mistakes and
need to apologize.

Copyright 2017 www.lessonpix.com

Apologize when you do something that hurts or upsets another person.

Look at the person.

Apologize. You can say,
"I'm sorry I did that."

Ask the person if they
are okay.

Change your behavior in the future so you don't repeat the mistake.

Apologizing to people when we accidentally hurt them helps keep everyone friends.
