

# Why We Use Safe Hands

**Most people have two hands. Hands can be very helpful.**

We can use our hands to  
clap.

We can use our hands to  
feed ourselves.

We can use our hands to help others.

It is not okay to use our hands to hit others. Everyone has a right to be safe.

When people use their hands to hit themselves, this is not okay.

Others around them may feel scared.

Or uncomfortable.

It is important to have  
safe hands and a safe  
body.

This makes everybody  
feel happy and safe.
