

MIDDLE SCHOOL TRANSITION MINECRAFT INCLUSIVE SCHOOL

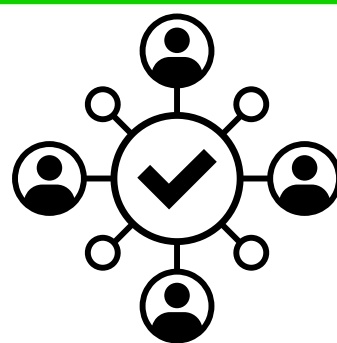

CHALLENGE

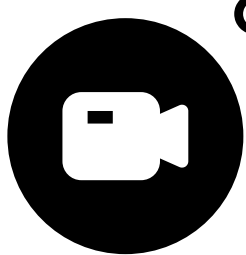

All Kent School District 5th grade students are invited to participate in the Middle School Transition Inclusive School Challenge, a district-wide competition. Using Minecraft, students will design a change or addition to their future middle school and demonstrate how their innovation will make it a more inclusive space for all students.

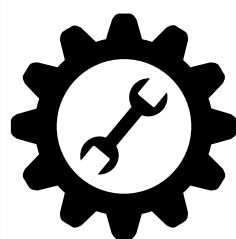

Challenge Intro & Orientation Activities

Determine if you are working on your own or on a team made up of your future middle school classmates

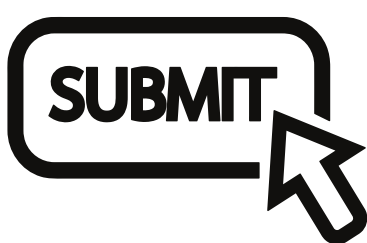

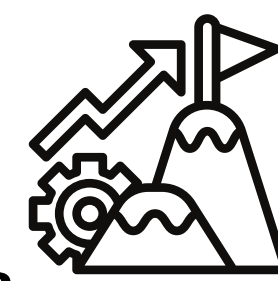

Create a Flip video sharing how your idea to increases inclusivity

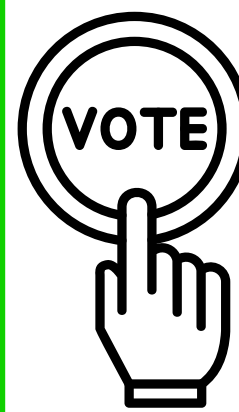

Build your solution

Select a challenge topic & draft ideas

Submit your ideas via a Microsoft Form

The ideas will be evaluated by an adult committee and your future middle school. The winners will be announced.

MIDDLE SCHOOL TRANSITION MINECRAFT INCLUSIVE SCHOOL
